Howard Phillips Lovecraft was born to a well-to-do family in Providence, Rhode Island. As a child, he revealed remarkable precocity in his early interests in literature and science. Ill-health dogged him in youth, rendering

his school attendance sporadic; and in 1908 he experienced a nervous breakdown that rendered him a virtual recluse for several years. In 1914 he discovered the world of amateur journalism and began slowly emerging from his hermitry. He wrote tremendous

amounts of essays, poetry, and other work; in 1917, under the encouragement from W. Paul Cook and others, he resumed the writing of horror fiction, and his career as a dream-weaver began anew. In 1921 Lovecraft met his future wife, Sonia H. Greene, at
