Strictly as per the new CBSE course structure and NCERT guidelines, this thoroughly revised and updated textbook is meant for class XII of senior secondary schools (under the 10 + 2 pattern of education). The subject matter of this book is presented in a very systematic and logical manner. Every effort has been made to make the contents as lucid as possible so that the beginners will grasp the fundamental concepts in an unambiguous manner. KEY FEATURES •Large number of solved examples to understand the subject. •Categorization of problems under: •Level of Difficulty A (Cover the needs of the students preparing for CBSE exams) •Level of Difficulty B (Guide the students for engineering entrance examinations). •A Smart Table at the beginning of each chapter to decide the relative importance of topics in the CBSE exam. •Problem Solving Trick(s) to enhance the problem solving skills. •A list of Important Formulae at the beginning of the book. Besides this, each chapter is followed by a Chapter Test and an exercise in which the questions from the CBSE papers of previous years are provided. Working hints to a large number of problems are given at the end of each and every exercise. In a nut shell, this book will help the students score high marks in CBSE, and at the same time build a strong foundation for success in any competitive examination.

The mountain of the moon is a story about taking a chance dare which, with its wings of imagination, leads you to the silver lining after a storm. Shankar, an ordinary young boy from rural India, crosses many skies and seas to explore an altogether different world—africa. There, he joins a seasoned Portuguese Explorer, Diego alvarez on a daring mission. But is the destination worth the toil of the journey? Moreover, will Shankar get to the peak of his mountain of dreams? The Storyline, with a series of adventures, is a testimony to the eternal virtues of courage, curiosity and compassion. It gradually becomes a tantalizing tale of an unusual friendship that evolved in the spectacular but dangerous African forests and grasslands teeming with mysterious wildlife, people and their folklores. Experience this classic adventurous narrative in English that will lead you again to an era of picaro, when one dared to dream. This book has also been adapted into a popular Bengali movie.

Impudent and irresistible, Charandas is a thief with a difference. Having vowed never to lie, he manages to keep his word while robbing the rich blind. A typical folk hero, street-smart and savvy, he runs rings around the forces of law and order till he comes up against one wall he cannot scale his own commitment to the truth. And the unexpected twist at the end of this heartwarming comedy lifts the play onto another plane. This play by veteran playwright/director Habib Tanvir, performed by Naya Theatre s Chattisgarhi folk artists, is a contemporary Indian classic. When it was first staged in 1975, it made a tremendous impact. Folk actors on the contemporary stage, vibrant and self-confident, speaking their own dialect and performing their own material, albeit under the guiding hand of a master director, was a novel experiment in Indian theatre. Moreover, it was an experiment that worked, and that opened up a new direction in theatre practice. Twenty years later, Charandas Chor is still popular. It has been performed all over India, and at many forums and festivals abroad, winning the top award at the prestigious Edinburgh Fringe Festival in 1982. This volume contains, along with the translated playscript, an introduction to Habib Tanvir s work in theatre by theatre scholar and critic Javed Malick and a long interview with the playwright/director in which he discusses the milestones in his long career. Anjum Katyal, the translator, is an editor and writer who lives and works in Calcutta.

The story tells of the efforts of a nervous and excitable man who starts to propose to an attractive young woman, but who gets into a tremendous quarrel over a boundary line.

A teenager tries to steal the purse of Mrs. Luella Bates Washington Jones and is rebuked in a surprising fashion.

The new Xam Idea for Class XII Physics 2020-21 has been thoroughly revised, diligently designed, and uniquely formatted in accordance with CBSE requirements and NCERT guidelines.
