Bayport, a small town on the south shore of Long Island, is the very embodiment of a village that has retained the charm and allure that once drew summer visitors at the end of the nineteenth century. Since Bayport is situated on the Great South Bay, most of its 8,000 residents revel in the view of Fire Island, that slender strand known as a barrier beach, that keeps the Atlantic Ocean honest and where it belongs. Although the history of Bayport reaches back to its origin in 1786 with William Nicoll's conveyance of inherited lands (celebrated in 1986 by a bicentennial ceremony), the pictorial history shown herein starts in 1825 with a photograph of the second wooden schoolhouse in Bayport and a line drawing of the same.
