New York Times Bestseller Over 2.5 million copies sold For David Goggins, childhood was a nightmare - poverty, prejudice, and physical abuse colored his days and haunted his nights. But through self-discipline, mental toughness, and hard work, Goggins transformed himself from a depressed, overweight young man with no future into a U.S. Armed Forces icon and one of the world's top endurance athletes. The only man in history to complete elite training as a Navy SEAL, Army Ranger, and Air Force Tactical Air Controller, he went on to set records in numerous endurance events, inspiring Outside magazine to name him The Fittest (Real) Man in America. In this curse-word-free edition of Can't Hurt Me, he shares his astonishing life story and reveals that most of us tap into only 40% of our capabilities. Goggins calls this The 40% Rule, and his story illuminates a path that anyone can follow to push past pain, demolish fear, and reach their full potential.

A gripping thriller debut, set deep in the heart of the world's most powerful political arena A year ago, fresh out of Harvard Law School, Mike Ford landed his dream job at the Davies Group, Washington's most powerful consulting firm. Now, he's staring down the barrel of a gun, pursued by two of the world's most dangerous men. To get out, he'll have to do all the things he thought he'd never do again: lie, cheat, steal-and this time, maybe even kill. Mike grew up in a world of small-stakes con men, learning lessons at his father's knee. His hard-won success in college and law school was his ticket out. As the Davies Group's rising star, he rubs shoulders with "The 500," the elite men and women who really run Washington -- and the world. But peddling influence, he soon learns, is familiar work: even with a pedigree, a con is still a con. Combining the best elements of political intrigue and heart-stopping action, THE 500 is an explosive debut, one that calls to mind classic thrillers like The Firm and Presumed Innocent. In Mike Ford, readers will discover a new hero who learns that the higher the climb, the harder -- and deadlier -- the fall.

Describes the loss of the cruiser USS Houston during the early days of World War II in the Pacific and the fate of the warship's surviving crew, who were captured by the Japanese and forced to work as slaves on Japan's brutal Burma-Thailand Death Railway.

Draws on interviews with veterans and new primary sources to present a narrative account of the pivotal World War II campaign, chronicling the three-month effort to gain control of Guadalcanal as a battle that taught the U.S. Navy and Marines new approaches to warfare.
