The Sky Inside Quotes by Clare B. Dunkle

Having reinvented the whole mythos of fantasy's goblins and werewolves, Clare B. Dunkle now turns her attention to sci-fi. In fact, there's something almost eerily prophetic about "The Sky Inside," a look at a sterile, soulless world where babies are genetically designed and populations are kept in an iron grip.

1593 Words | 7 Pages. “ The Sky Inside ” by Clare B. Dunkle is a slightly future dystopian novel set in a post-apocalyptic world. People were starving, sick, and dying; so the government decided to have them compete for a better life. They staged game shows that would enable the winners to be moved into a completely safe, structured, dome, where they would never fear disease or war again.

After the events in the first book, Marten discovers all is still not well in his distopia and has a difficult time trusting the allies he had met in the conclusion of the "The Sky Inside". Marten's temper and inquisitive nature leads him away from those who may help him as well as his sister and the other Wonder Babies.

Martin lives in a perfect world. Every year a new generation of genetically-engineered children is shipped out to meet their parents. Every spring the residents of his town take down the snow they've stuck to their windows and put up flowers. Every morning his family gathers around their television and votes, like everyone else, for whatever matter of national importance the president has on the table. Today, it is the color of his drapes. It's business as usual under the protective dome of suburb HM1. And it's all about to come crashing down. Because a stranger has come to take away all the little children, including Martin's sister, Cassie, and no one wants to talk about where she has gone. The way Martin sees it, he has a choice. He can remain in the dubious safety of HM1, with danger that no one wants to talk about lurking just beneath the surface, or he can actually break out of the suburb, into the mysterious land outside, rumored to be nothing but blowing sand for miles upon miles. Acclaimed author Clare B. Dunkle has crafted a fresh and fast-paced science-fiction thriller, one that challenges her characters -- and her readers -- to look closer at the world they take for granted.

Abruptly placed in a boy's boarding school in Maine after his mother's death at the end of World War II, Kansas youth Jack Baker befriends Early Auden, an unusual boy with whom

Jack embarks on a quest along the Appalachian Trail in search of a legendary great black bear. By the Newbery Medal-winning author of Moon Over Manifest.

Martin may have seen his sister, Cassie, to safety at the end of *The Sky Inside*, but his adventure is far from over. There ' s still a totalitarian regime in place, murderous game shows on the air, and a couple of government agents on Martin ' s tail. When Martin and his AllDog, Chip, go back to his old suburbs to check up on Mom, they get a lot more than they bargained for when they end up escaping with both parents. But the biggest surprise is yet to come—the heart of the government ' s central power is closer to Martin than he ever suspected.

If Dexter and Faith (from *Buffy the Vampire Slayer*) had a daughter and raised her in the land of Santa Clarita Diet....she'd be Clare Bleecker. The small town of Pickman Flats offers a bright sunny place filled with quaint shopping and wine tasting. But underneath the town's inviting exterior lies a dark underbelly, a sinister element that lurks in the shadows. Clare is a devoted vegan who goes to Catholic high school, is fastidious in her manner, and also, well, a serial killer. The Other Clare takes over at the most inopportune of times. She tries to keep her inner beast's lust for blood at bay, but it's hard when there are so many creeps around who help to unleash it. What secret lies hidden beneath Pickman Flats? And who is Clare really? If you want answers, well, there's only one way to find out - even if it kills you. Slay Responsibly, XOXO Clare

Young Tabby Aykroyd has been brought to the dusty mansion of Seldom House to be nursemaid to a foundling boy. He is a savage little creature, but the Yorkshire moors harbor far worse, as Tabby soon discovers. Why do scores of dead maids and masters haunt Seldom House with a jealous devotion that extends beyond the grave? As Tabby struggles to escape the evil forces rising out of the land, she watches her young charge choose a different path. Long before he reaches the old farmhouse of Wuthering Heights, the boy who will become Heathcliff has doomed himself and any who try to befriend him.

Clare Dunkle seemed to have an ideal life—two beautiful, high-achieving teenage daughters, a loving husband, and a satisfying and successful career as a children's book novelist. But it's when you let down your guard that the ax falls. Just after one daughter successfully conquered her depression, another daughter developed a life-threatening eating disorder. Copublished with *Elena Vanishing*, the memoir of her daughter, this is the story—told in brave, beautifully written, and unflinchingly honest prose—of one family's fight against a deadly disease, from an often ignored but important perspective: the mother of the anorexic.

Reveling in the wonders of nature doesn't have to be reserved for vacation. By simply taking a few minutes to look up and observe the hawks hovering over their nest at the top of a city building, or to look down and note the variety of weeds growing in a small patch of earth, or just to glance through the window and appreciate the shapes of the clouds moving by, anyone

Online Library The Sky Inside 1 Clare B Dunkle

can connect with nature—anywhere, anytime. Clare Walker Leslie, author of the bestselling book *Keeping a Nature Journal*, has spent 25 years teaching and showing people how simple and rewarding it is to notice and record local nature. Nothing is more inspiring than the pages of her nature journals, which feature her daily recordings of small, but amazing natural events she's seen while walking the dog, sitting in a park with her children, or driving around city streets. *Drawn to Nature* features a selection of Leslie's journal pages, arranged to inspire the reader to do as she does: look up, look down, look out and around, bring bits of nature indoors to observe and study, or take your eyes for a walk around the neighborhood. Using a combination of quick, impressionistic watercolors with more detailed pen and pencil drawings, along with the written word, Leslie invites readers to share in the pleasure of her nature watching, and to experience the joy of seeing and connecting with nature wherever they live, amidst the whirl of daily life. For journal keepers, nature lovers, birdwatchers, artists, and anyone interested in using nature as a source for self-reflection or meditation, this book will be a welcome companion and source of inspiration.

The New York Times bestselling author revisits the characters from her beloved novels *Love Walked In* and *Belong to Me* in this captivating, beautifully written drama involving family, friendship, secrets, sacrifice, courage, and true love for fans of Jojo Moyes, Elin Hilderbrand, and Nancy Thayer. On the weekend of her wedding, Clare Hobbes meets an elderly woman named Edith Herron. During the course of a single conversation, Edith gives Clare the courage to do what she should have done months earlier: break off her engagement to her charming—yet overly possessive—fiancé. Three weeks later, Clare learns that Edith has

Online Library The Sky Inside 1 Clare B Dunkle

died—and has given her another gift. Nestled in crepe myrtle and hydrangea and perched at the marshy edge of a bay in a small seaside town in Delaware, Blue Sky House now belongs to Clare. Though the former guest house has been empty for years, Clare feels a deep connection to Edith inside its walls, which are decorated with old photographs taken by Edith and her beloved husband, Joseph. Exploring the house, Clare finds two mysterious ledgers hidden beneath the kitchen sink. Edith, it seems, was no ordinary woman—and Blue Sky House no ordinary place. With the help of her mother, Viviana, her surrogate mother, Cornelia Brown, and her former boyfriend and best friend, Dev Tremain, Clare begins to piece together the story of Blue Sky House—a decades-old mystery more complex and tangled than she could have imagined. As she peels back the layers of Edith's life, Clare discovers a story of dark secrets, passionate love, heartbreaking sacrifice, and incredible courage. She also makes startling discoveries about herself: where she's come from, where she's going, and what—and who—she loves. Shifting between the 1950s and the present and told in the alternating voices of Edith and Clare, *I'll Be Your Blue Sky* is vintage Marisa de los Santos—an emotionally evocative novel that probes the deepest recesses of the human heart and illuminates the tender connections that bind our lives.
