A behind-the-scenes look at Lexus's surprising twenty-year success story—in a revised new edition In the 1980s, German brands BMW and Mercedes-Benz dominated the luxury car market and had little reason to fear competition from Japan. But in 1989, Toyota entered the market with the Lexus LS 400, a car that could compete with the Germans in every category but price—it was US\$30,000 cheaper. Within two years, Lexus had overtaken Mercedes-Benz in the United States and made a stunning success of Toyota's brave foray into the global luxury market. Lexus: The Relentless Pursuit reveals why Toyota decided to take on the German automakers and how the new brand won praise and success for its unparalleled quality, unforgettable advertising, and unprecedented customer service. From the first boardroom planning session to Lexus's entry into the mega-luxury supercar market, this is the complete and compelling story of one of the world's most admired brands. Includes a new Foreword by legendary designer Erwin Lui, an Afterword with updates since the first edition, and a new Coda by leading Japanese automotive journalist Hisao Inoue Covers the racetrack triumph—and tragedy—behind the new US\$375,000 Lexus LFA supercar Offers important business lessons for brand managers and executives For car enthusiasts, business leaders, and anyone interested in branding and marketing, Lexus: The Relentless Pursuit offers an amazing story of excellence and innovation in the automotive industry.

The first Land Cruiser appeared at about the same time as the Land-Rover. Styling changes occurred in 1952 with the modern range designated F25s and F28s. The FJ43 appeared in the mid-1960s, the 40 and 45 Series in Australia in 1967/8. The FJ55 was introduced in 1969, the 43 series continued to be made in Japan and the 40 and 45 Series had improvements made throughout the 1970s. Production of the FJ55 ceased in 1980 to be followed by the Series 60. This was only available with an in-line, six-cylinder engine of 3980cc. A generous five-seater, and good load carrier, there were few changes made to it after production commenced. This is a book of contemporary road & comparison tests, new model introductions, technical & specification data, driving impressions, of road tests, long-term reports, buying second hand. Models covered include:- FWD Pick-up, Station Wagon, LX, De Luxe, Diesel.
