Vanguard Engines | Briggs & Stratton
Hi, my 16 hp Vanguard engine (v-twin)
recently began to idle roughly (engine
would not maintain a constant idle speed).
Tried some spray carb cleaner - no good.
I'm thinking I have to remove carb and
give it a good cleaning, but never worked
on one of these engines. Looks like I have
to disassemble a good part of the engine in
order to remove ...

Hi everybody im new to the site. I own a 1980 s argo 6x6 with a 16 hp briggs and stratton engine in it. I want to swap this engine to a 700 rotax but im wondering if this is too big of an engine for the running gear or if the 700 will overheat because it is air cooled? Any input at all will greatly be appreciated , thanks everyone!
